## STUDENT REPRESENTATIVE COUNCIL (SRC) LEADERSHIP SKILLS AND TEAM BUILDING WORKSHOP

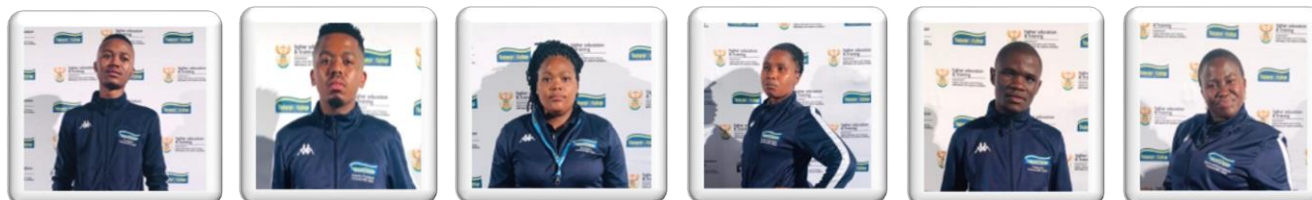

A Leadership skills and team building workshop for Thekwini TVET College Student Representative Council was held at the Auditorium on the 30th of October 2020.

The purpose was to capacitate the SRC's with leadership skills so they can effectively lead and serve students in their respective campuses. Furthermore the added benefit of the workshop was to also equip them with a lifelong skill of leadership. It was an excellent team building exercise as this was the first meeting all 60 SRC members, inclusive of its Executive Council (Central SRC) were able to participate (as a group) in the team building activities.

The Facilitator for the leadership course was Mr Lindokuhle Khoza from LindBong Development. The SRC members will receive certificates from Lindbong Development for participating in the leadership course. The SRC members were presented with Tracksuits organised by Mr Thabiso Zwane, Head of Student Governance and leadership development at Student Support Services.

The SRC Members were very happy and appreciated the efforts of Thekwini TVET College for organising the Leadership Skills and Team Building Workshop so that they become better leaders, in their role as SRC representatives and in whatever direction their lives lead them in the future.
